## **Sports Premium Funding (Expenditure and Impact Report 2018/19)**

There has been a particular focus on PE in schools in recent years with the introduction of the Sport Premium. Sport Premium is an amount of money which the government has agreed to allocate to schools, initially for two academic years (2013-14 & 2014-15) but which has since been promised for a number of further years, currently to 2020. In 2017-18, the level of funding awarded to schools increased significantly, as a result of the government's sugar tax, on fizzy drinks. The funding amount schools receive is based upon the number of primary aged children they have. The 2018-19 Sports Premium funding allocated to Hudson Road primary school was £18,120. The Sports Premium grant is to be used to increase the quality and breadth of study in sports and PE provision. It is also awarded to help schools to improve participation levels in competitive sport.

## Physical Education improvements at Hudson Road Primary School since our last impact report:

In the last academic year Hudson Road Primary school has made improving Physical Education and Sport a high priority. As a school we made the following improvements:

- The school achieved the Sainsbury's School Games Gold Award.
- All children continue to take part in at least 2 hours of sport/ PE each week.
- In the last 12 months all pupils from Y1 to Y6 have taken part in individual sports such as gymnastics, dance and athletics during PE sessions. They have also covered competitive team sports, which include football, cricket and rugby.
- All children have taken part in competitive in house competitions as part of their physical education.
- Sports week at Hudson Road School involved all students (Nursery to Year 6) and included healthy
  eating workshops, Ceilidh dancing and an assault course led by the schools sports leaders.
- Year 5 and Year 6 pupils took part in cluster and city wide tournaments in football and cricket. The school also improved its links to minority sports during sports week, when pupils were introduced to a range of new and exciting sports.
- All children in Year 3 and Year 4 spent at least one term swimming this academic year.
- The school has had over 216 hours of PE coaching in school, which equates to having a coach in school every half-term for the equivalent of one full day per week throughout the year. Children have been able to use this expert input to develop their football, dance, gymnastics, cricket and multi-skills abilities. Further to this teachers and support staff have been able to develop their own practice as a result of working with a range of specialist coaches.
- From next year the events, including CPD, that are being run by the SSP will be displayed on a
  noticeboard so that staff can see them and express an interest. This is especially important as
  some teachers are working in new-year groups, and might not know what is on offer for them and
  their children. We also have NQT's working in school, and attending these events should be an
  important part of their professional development.

## **Sport Premium funding break down 2018-19**

Initially the Sport Premium was only allocated for two years. As a result, it was considered that the money should not only be used to make a difference to school PE/sport during the current academic year but also in those to come. Much of the impact the money had during the 2016-17 academic year was through the work of coaches in our school and through enhancing the breadth of PE opportunities in school. The remainder, as detailed below, was spent on upskilling our staff in school, to ensure when the money invested in sport comes to an end, all staff will have a better understanding of PE and how to teach it effectively.

Purchase	Cost	Objective
All Round Cricket Coaching	£3150	The coaching took place during school PE sessions and
		aimed to increase the children's key skills across the

of up skilling the teaching staff so that next term/year they can plan and deliver their own games and activities to a higher standard. This culminated in a cricket tournament for Year 5 and 6.  AP Sports Coaching Company  £3435  Coaches attended school with the aim of up skilling the teaching staff so that next term/year they can plan and deliver their own games and activities to a higher standard. Coaches also worked with children at breakfast club and during occasional lunchtimes to improve their sporting fundamentals.  The activities took place on our KS2 yard for breakfast club activities, on the field for Inchtime activities and in the hall or on the field for PE sessions. The aim was to increase the children's skill level across a range of sports.  Farringdon Gymnastics Entry Fee  £40  Children entered and attended the Farringdon Gymnastics tournament to compete against other schools in the local area. This enabled more children to compete in competitive sport this year.  Coaches attended school with the aim of up skilling children in the art of dance. Coaches provided children with materials to ensure that it is possible for them to continue to enjoy the activity at club level.  The activities took place both in the school hall and on our KS2 yard, with the aim of increasing the children's skill levels in dance. 		Games Gold Award Kitemark last year and were
		successful in doing so. This was in part due to our ability
		to attend a range of events around the city and wider
		local area.
Outdoor Residential trip	£3760	The Year 6 children were expected to attend Derwent
Derwent Hill:		Hill as part of the school curriculum. To support this
Canoeing		aim, the school already part funds children to attend
Kayaking		the residential trip. Hudson Road Primary School serves
Orienteering		a catchment which is in the bottom one percent of
Onenteering		schools nationally in relation to deprivation. As a result,
		many pupils never get to explore the countryside and
		may never set foot outside of the City. The healthy
		lifestyles these activities promote are essential for our
		children to experience. Whilst on these trips they also
		· · · · · · · · · · · · · · · · · · ·
		get the chance to try many new sports including:
		Archery, Canoeing, Kayaking, Orienteering and
Outdoor Booldontial tuin Bohin	£3760	Climbing.
Outdoor Residential trip Robin	23700	The Year 5 children were expected to attend Robin
Wood:		Wood as part of the school curriculum. To support this
Climbing		aim, the school already part funds children to attend
Archery		the residential trip. Hudson Road Primary School serves
Canoeing		a catchment which is in the bottom one percent of
		schools nationally in relation to deprivation. As a result,
		many pupils never get to explore the countryside and
		may never set foot outside of the City. The healthy
		lifestyles these activities promote are essential for our
		children to experience. Whilst on these trips they also
		get the chance to try many new sports including:
		Archery, Canoeing, Kayaking, Orienteering and
	0000	Climbing.
Sports Week Budget	£300	This enabled sports week to be more engaging and
		inspiring, we assigned a small budget to it to ensure
		that children were given a range of new and exciting
		sports and healthy lifestyle opportunities. By doing so
		we hoped more children would engage in a range of
	00.5.5	new sports and healthy lifestyle opportunities.
PE Lessons resources/equipment	£300	This enabled the delivery of high quality PE provision
		across the school, the school required additional money
		to spend on new PE equipment.
	Total Spend: £18,100	

## Sport Premium: 2019-20

Below is our plan for the use of the Sport Premium next academic year. We expect to receive £18,205. We hope that by identifying these areas for improvement now, we can improve the sporting outcomes for the children in the future.

Activity	Cost	Objective
Additional PE Equipment	£500	This will enable the delivery of high quality PE provision
		across the school. The school requires additional money
		to spend on new PE equipment to ensure a board and
		balanced curriculum.

Farringdon Sports Cluster	£1500	This will enable school to compete against three other
Funding	11300	local primary schools. This will allow our children to
T driding		participate in more level 2 and 3 competitions and will
		allow school compete in enough different sports to
		maintain the Gold Award Charter Mark.
AP Sports Coaching	£3435	Coaches will attend school with the aim of up skilling
AP Sports Coaching	13433	the teaching staff so that next term/year they can plan
		and deliver their own games and activities to a higher
		standard. Coaches will work with children at breakfast
		club and during occasional lunchtimes to improve their sporting fundamentals.
		sporting rundamentals.
		The activities will take place on our KS2 yard for
		breakfast club activities, on the field for lunchtime
		activities and in the hall or on the field for PE sessions.
		The aim will be to increase the children's skill levels
		across a range of sports.
All Round Cricket Coaching	£3150	The coaching will take place during school PE sessions
		and will be aimed at increasing the children's key skills
		across the sport of cricket. Coaches will attend school
		with the aim of up skilling the teaching staff so that next
		term/year they can plan and deliver their own games
		and activities to a higher standard. This will hopefully
		culminate in a cricket tournament for Year 5 and 6.
Bus Travel To Events	£800	The transport will again give the children more
Bus Havel to Events	2000	opportunities to attend a wider range of local sports
		competitions and allow the school to maintain the
		Sainsbury's School Games Gold award.
Sports Week Budget	£750	This will enable sports week to be more engaging and
		inspiring. We will assign a small budget to it to ensure
		that children will be given a range of new and exciting
		sports and healthy lifestyle opportunities. By doing so
		we hope more children will engage in a range of new
		sports and healthy lifestyle opportunities.
Keep Active School Support	Lunchtime £650	Keep Active will run sessions alongside teachers
		(specifically NQT's) in order to up skill their practice.
	After school £1225	The coaching company will also run after school and
		lunchtime activities with our children in order to
		increase the levels of sport and exercise that they take
		part in.
Outdoor Residential Trip: Robin	£1500	The Year 5 children will be expected to attend Robin
Wood		Wood as part of the school curriculum. To support this
		aim, the school already part funds children to attend
		the residential trip. Hudson Road Primary School serves
		a catchment which is in the bottom one percent of
		schools nationally in relation to deprivation. As a result,
		many pupils never get to explore the countryside and
		may never set foot outside of the City. The healthy
		lifestyles these activities promote are essential for our
		children to experience. Whilst on these trips they also
		get the chance to try many new sports including:
		Archery, Canoeing, Kayaking, Orienteering and
		Archery, Canocing, Rayaking, Orienteering and
		Climbing.

Derwent Hill		Hill as part of the school curriculum. To support this aim, the school already part funds children to attend the residential trip. Hudson Road Primary School serves a catchment which is in the bottom one percent of schools nationally in relation to deprivation. As a result, many pupils never get to explore the countryside and may never set foot outside of the City. The healthy lifestyles these activities promote are essential for our children to experience. Whilst on these trips they also get the chance to try many new sports including: Archery, Canoeing, Kayaking, Orienteering and Climbing.
Jill Allen- PE specialist teacher from Thornhill Academy	£3040	After identifying a lack of staff subject knowledge in educational gymnastics, we have bought a specialist PE teacher's time to come and work with all school staff throughout the academic year. This should ensure that all staff become more confident teaching at gymnastics and the quality of those lessons increases.  NQT's will work with Jill more than once and will also look at a second area of PE such as Dance or Games to aid their professional development.
Total projected spend	£18,205	

At present, PE is a particularly exciting subject and one which is receiving lots of attention. The money being given to schools means that the possibilities for developing the subject are vast and with our school's particular situation, this funding means we are able to transition into the 2019/20 academic year, with the ability to provide our children with a PE provision that their enthusiasm and abilities deserve.
